NMA Leadership Development Opportunities

WHAT IS NMA?

The NMA chapter is part of a nationwide network of NMA-affiliated organizations devoted to the personal and professional development of America's workforce.

Founded in 1925 in Dayton, Ohio, NMA has almost 23,000 members in nearly 100 company and/or community chapters. Policies and programs are determined by a Board of Directors of elected or appointed chapter leaders. A full-time professional staff of headquarters and field personnel administer the day-to-day operations of the Association.

NMA is a place to showcase your talents and abilities.

POWER NETWORKING is a key advantage to your NMA membership. You will have the opportunity to meet people from all levels and departments within your organization or community. Gain valuable advice and solve complex problems in an informal atmosphere with the people who care the most—your peers and colleagues! You will increase your knowledge of what's going on in the organization and keep abreast of future plans and programs.

TRAINING OPPORTUNITIES from the best resources available are a core part of the value-added benefits you receive as an NMA member. NMA offers formal training in such areas as team building and supervisory and management skills. In addition to formal classes, you have the opportunity to sharpen your leadership skills by participating in chapter-sponsored events. These skills, once mastered in an NMA setting, are easily transferable.

VOLUNTEERING in chapter-sponsored programs builds integrity and character in leaders. Involvement in community activities helps you develop new relationships, networks, and leadership skills. NMA members become involved in employee driven efforts such as Habitat for Humanity, Adopt-a-School, Junior Achievement, and many other programs.

"The opportunities for personal and professional development are unlimited; one needs only to participate."

Charles F. Kettering, NMA Founder
